

BURNER'S GUIDE TO TITANIC'S END SHIFT SCHEDULE

Radical Instructions

A dusty embrace to all you beautiful souls!

Titanic's End Camp is thrilled to have you onboard for this epic Burn. At Burning Man, we co-create magic through radical collaboration and communal spirit. This presentation will guide you through the wondrous teams and their soulful responsibilities. Let's dive deep!

Things to remember while working on your shifts:

- You must show up and cover the shift. If you cannot, you are responsible for finding someone to cover
- Missing your shift is a no-go. This is not ok towards your campmates and will result in someone else working longer hours or a task not being completed
- THANK YOU for signing up for your shifts pre-playa!

If you have any questions, please get in touch with your team leads:

- Brea (General)
- Mike (Kitchen)
- Cory (Leave No Trace)

TE Camp Rules

TITANIC'S END

1. Everyone Works – Show up for you shifts!!!
2. Be Kind (To Yourself and Your Fellow Humans)
3. Moop For Your Meal
4. Keep Jason Tan and Friends Out of Sight (Good Hygiene)
5. See Something Do Something
6. Hell YES or Hell NO
7. No Overnight Guests or Adoptions Without Camp Consent
8. Remember You Chose This!
9. Remember We Do It For Fun!

Camp & Kitchen Monitoring

Shift info:

- Shift start: 2 hours prior to dinner
- Shift end: Once all checks are complete, please support with cleaning crew

Responsibilities Checklist

1. Monitor
 - ☐ Reefer Truck (See Reefer Check Instructions)
 - ☐ Generator Fuel Level (See Generator Check Instructions)
 - ☐ Propane Fuel Level (See Propane Check Instructions)
 - ☐ Grey Water Levels (See Grey Water Check Instructions)
2. Commercial Oven Oversight (POC: Mike)
 - ☐ Verify that the commercial oven functions smoothly and safely
3. Key Equipment Monitoring
 - ☐ Check other kitchen equipment to ensure meals run smoothly

Reefer Check

TITANIC'S END

- ☐ Check and log the temperatures in AM and PM to maintain the freshness and quality of the food
- ☐ Check that reefer door is closed
- ☐ Verify that food is in good condition (nothing is going bad, no bad smells, everything is organized)
- ☐ Check remaining food to the days until September 4th – is the right amount of food present. (Talk to MIKE if there is concern)
- ☐ Check and log the temperatures in AM and PM to maintain the freshness and quality of the food

Generator Check

TITANIC'S END

Responsibilities:

- ❑ The vendor (Generator World) will stop by [every day] to check the following, but the TE assigned person should be double-checking fuel, water temp, and power draw to ensure the generator stays happy. Stalled generator = unhappy camp!
- ❑ Check the following every morning, afternoon, and evening:
 - ❑ Fuel level – **NEVER** let it run out of fuel. Ensure it's topped up every day.
 - ❑ Water temperature – should **NEVER** go over 225 degrees (check via instrument panel). If >225, shut it down; if it stays too hot, open the doors.
 - ❑ Power draw meter – **must** run at over half-load at all times, ideally as close to 3/4 as possible at all times.
 - ❑ If Generator World doesn't make it for a [daily] check, then check:
 - ❑ Air filter – if lightly dusty, remove it and use a compressor to blow dust off (find Andrew Jordan for a compressor). If it's toast, put a new one in. GW will provide TE with an extra filter.
 - ❑ Oil filter – GW will provide TE with an extra filter.

Generator World Daily Checklist:

- ❑ Check Fuel Level (don't rely on fuel gauges – check belly tank)
 - ❑ Check belly tank to verify level. Shut generator down if fuel level is too low. DO NOT run the generator out of fuel. Plan to refill generator daily)
 - ❑ If LOW – put up the “NEED FUEL PLEASE” Sign.
- ❑ Check Oil Level (Check while generator is OFF. Add as needed)
- ❑ Check Coolant Overflow Tank (Add water as needed)
- ❑ Remove Air Filter (Blow or bang dust out daily, change as needed)
- ❑ If available blow radiator out with air compressor daily (Safe to do while running)

Propane Tank Check

TITANIC'S END

- ☐ Open the tank and check fuel level [this is liquid propane, not gas!]
- ☐ If tank is less than 20% full – Alert Brea, Adrienne or Andrew.
- ☐ We will need to turn off the gas to the kitchen, shower heaters and sauna until filled.

Grey Water Check

- ❑ Check both grey water tank levels are no more than 80% full
- ❑ If one grey water tank with tube in it is 80% full, switch tube to secondary grey water container
- ❑ If both tanks are past 80% full. Turn off water valve immediately. See Brea, Adrienne, Mar, Kejia, Christian or Andrew with questions.
- ❑ If service is needed – PUT UP SIGN “NEED SERVICE PLEASE!”
- ❑ Grey Water Service Schedule: If you see the USS truck drive by PLEASE FLAG THEM DOWN and avoid any spills or disruptions to our water.

Camp Meal Cheffing Team (POC: Mike)

TITANIC'S END

Shift Info:

- Shift starts: ~2 hours before camp dinner service
- Shift ends: Post camp dinner service (after everyone has eaten)
- Number of people per shift (per day): 4

Responsibilities Checklist:

- ☐ Meal Preparation
 - ☐ Prepare delicious meals following the TE Food Program menu
 - ☐ Recipe instructions
 - ☐ Bring out ingredients in hotel pans from reefer (refrigerated) truck
 - ☐ Sort them (like building IKEA furniture) to the 1) current meal day, 2) various dish ingredients, 3) refer to TE Recipe Book for preparation instructions
- ☐ Foodservice Setup
 - ☐ Lay out the prepared meals for everyone in the camp to enjoy
 - ☐ Put serving utensils out
- ☐ Snack Bar Restocking: Ensure the snack bar is well-stocked for the next day's consumption
- ☐ Remove any opened snacks or snacks that have gone bad
- ☐ Refill and organize snacks so they are easily accessible

NOTE: Cheffing team shifts will conclude at the end of Camp Dinner service (and everyone is fed)

Camp & Kitchen Happiness Team [POC: Cory (Camp), Mike (Kitchen)]

TITANIC'S END

Shift Info:

- Shift starts: ~1.5 hours before camp dinner service
- Shift ends: ~30 minutes after dinner service
- Number of people per shift (per day): 3

Responsibilities Checklist (1 of 3):

☐ KITCHEN:

- ☐ Clean and maintain kitchen serving utensils, equipment, and serving dishes used during meal preparation and reset the kitchen for daytime use.
- ☐ Washing dishes
- ☐ Clean sink
- ☐ Wipe down counters
- ☐ ADDITIONAL: check in with kitchen co-leads for additional tasks as needed
- ☐ Note: all TE camp members are expected to bring their own bowls, plates, utensils and clean it themselves)

Camp & Kitchen Happiness Team [POC: Cory (Camp), Mike (Kitchen)]

TITANIC'S END

Responsibilities Checklist (2 of 3):

☐ **CAMP COMMON AREAS**

☐ **Camp surface clean up: bar and lounge**

- ☐ Wipe down
- ☐ Moop/trash pick up
- ☐ Rearrange / reset any cozy spots

☐ **Shower and Sauna: Cleaning & Maintenance**

- ☐ Wipe down showers
- ☐ Clean hair from drain
- ☐ Moop sweep + put trash and recycling away and put people's items to the camp lost and found

☐ **Waste: recycling, trash**

- ☐ Bag up trash and recycling
- ☐ Label the bags with tape based on type:
 - ☐ **GREEN** taped bags for **TRASH**
 - ☐ **BLUE** taped bags for **RECYCLING**
- ☐ Place bags of trash and recycling in trash box truck
- ☐ Place new bags in trash and recycling bins

Camp & Kitchen Happiness Team [POC: Cory (Camp), Mike (Kitchen)]

TITANIC'S END

Responsibilities Checklist (3 of 3):

☐ **CAMP COMMON AREAS**

☐ **Moop Sweep: MOOP FOR YOUR MEALS**

- ☐ Gather campers for moop sweep and lead them in a side by side walk of the camp
- ☐ **YOU SHOULD NOT BE DOING THIS ON YOUR OWN**—this is a camp wide task, but you are the organizers and champions of this. You rally, lead, and perform the moop sweep alongside the team.
- ☐ Use magnetic rake and other tools available
- ☐ Please use any extra time on this shift to moop sweep!!

Trash & Recycling Disposal Post-Playa (POC: Cory)

TITANIC'S END

Shift Info:

- For trash and recycling box truck drivers post Burning Man – Shantanu & David

Responsibilities Checklist:

- ☐ Drivers of the box truck carrying our trash and recycling please navigate to one of these two locations on your way home:
 - ☐ **Waste Management – Stead Transfer Station (Trash & Recycling)**
 - ☐ 13890 Mt Anderson, Reno NV • (775) 972-9160
 - ☐ Tuesday – Saturday: 8am – 4pm
 - ☐ **Waste Management – Fernley/Churchill Transfer Station (Trash & Recycling)**
 - ☐ 1100 US Highway 95A, Fernley NV • (775) 329-8822
 - ☐ 8am – 4:30pm (Closed Labor Day)
- ☐ Sort the bags into two piles:
 - ☐ **GREEN** taped bags for **TRASH**
 - ☐ **BLUE** taped bags for **RECYCLING**
- ☐ Dispose of trash and recycling
- ☐ Invoice camp for any costs of dumping → BRING RAMP CARD IF POSSIBLE

Power - What You Need to Know (POC: Travis)

TITANIC'S END

❑ Tents/Shiftpods

- ❑ Each tent/shiftpod will have **one** standard NEMA 5-20 outlet to cover all your power needs, via a distro box
- ❑ Bring your own extension cords (2x 25ft 14-gauge), you may be up to 50ft away from your assigned distro box
- ❑ Bring your own outlet splitter if you'll need more than one outlet. However, be aware that having anything more than your AC unit plugged in can cause the distro box to trip, killing power to all users of the distro box
- ❑ **If the distro box gets tripped, unplug stuff** to lower your power draw, **and reset the distro box** to give power back to yourself and your neighbors

Distro Box

❑ RVs

- ❑ TE will provide **one** 50-Amp NEMA 14-50R receptacle (female end) as in the image to the right for onshore power

RV onshore plug

YOU JUST GOT HERE! WE'RE SO HAPPY YOU'RE HERE!

TITANIC'S END CHECK-IN INSTRUCTIONS

- ☐ Locate your shift pod and get settled in
- ☐ Pick up your bins and bring to your area
- ☐ Jump in and help where you can
- ☐ Find Brea, Adrienne, Tergel or Macie if you have any questions

CAMP CHECKOUT INSTRUCTIONS

TITANIC'S END

- ☐ Pack out EVERYTHING you packed in – including your personal garbage
- ☐ Walk the camp to gather all your belongings
- ☐ Ensure your tent area is fully cleaned up
- ☐ Moop sweep your area and the camp– please do not leave Moop for our strike team
- ☐ Leave your labeled bins, AC, bikes in assigned location

A meme featuring a fire with a face and two small figures. The background is a dark, cave-like setting. In the center, a large, bright orange and yellow fire has a simple face with two large, white, circular eyes and a small, horizontal, red line for a mouth. The fire appears to be sitting on the ground. On either side of the fire, there is a small, dark, humanoid figure. The figure on the left is standing with its arms crossed, and the figure on the right is standing with its hands clasped in front of it. The overall scene is dimly lit, with the fire being the primary light source.

**NEVER LEAVE THE
FIREPLACE UNATTENDED!**

**IF YOU ARE THE LAST
ONE, PUT IT OUT**

TITANIC'S END

TITANIC'S END

**REPORT ALL LEAKS
IMMEDIATELY!**

TRASH FULL?

EMPTY IT!

TITANIC'S END
